Bound composition notebook- students may fill up two of these in a year

PENCILS!!! We do not write in Pen!

Red pen for correcting

CALCULATOR

Colored pencils (optional)

Classroom Rules:

Students will be given a presentation on my classroom rules. Some basic ones to remember are as follows:

- **Pencil** only!
- Respect the adults and others throughout the school.
- Students must be prepared (Homework) the day of a lab or they will NOT participate.
- Cheating is unacceptable and will warrant a Zero and a call home.
- Lab Behavior must be impeccable for safety reasons. If a student is removed from the lab (For any reason) two (2) times, they will not be allowed to participate in the lab for the remainder of the school year.
- Students will follow all rules and directions immediately. Failure to do so will result in:
 1. 1 verbal warning
 2. Personal discussion after class or detention.
 3. Thirty minute detention for the next infraction.

Detentions are served at lunch or **AFTER SCHOOL** in Mr. Grom's room the following day. Students must arrange for a ride home if they take the bus.

Serious Infractions, Such as Defiance of Authority, Will be Sent to the Office Immediately!

I have read, understood and will comply with the above rules.
